

INVITATION
for the
European Championships

for
Sports Arabians
on 4-6 August 2006

Dear Friends of the Arabian Sports Horses

we kindly invite you to attend the

5th ECAHO European-Championships for purebred Arabian Sports Horses

Whether you have a sports crack at home, with whom you would like to participate, or whether you would like to come as spectator to have a nice weekend with people of the same interest, the European Championships for Sports Arabians offers something for everybody and has acquired a good reputation over the past five years!

First class sport, beautiful horses, a relaxed Nations Evening in family atmosphere, the historic ambience and – hopefully – good weather are expecting you at

Stadl Paura, on 4-6 August 2006.

It doesn't matter whether you are a friend of classical riding disciplines, if you prefer the Western style or have found your satisfaction in driving – everybody will find something among the 18 different disciplines in 45 classes that are offered.

We expect riders from 10 nations, who will compete for the individual European Champion title in the disciplines Dressage, Show Jumping, Classic Pleasure, Western Trail, Reining and Western Pleasure. The Allrounders will compete for European Champion titles in Classic AllRound, Western AllRound, and Driving AllRound where up to 10 disciplines are offered to choose from.

While in the disciplines Dressage, Show Jumping, Trail and Reining the level of competition is quite high, the classes of Classic Pleasure (similar to Ridden Show Classes) and Western Pleasure are open for the less experienced rider, and qualification can be gained on the same weekend in Stadl Paura.

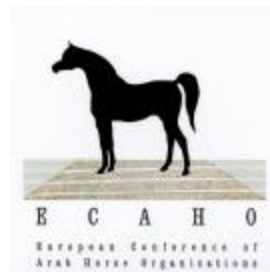

ECAHO

Further information with regards to sponsoring, advertising in our show catalogue, VIP tables, etc. you'll find in the separate Sponsorship flyer; details with regards to the schedule of the show and the individual classes, patterns, heights and widths of obstacles, etc., you'll find on our internet page www.ECAHO.org (go to „Online Office“).

If you have any questions, please don't hesitate to contact us:
